## **Appendix D – 2024 Conference Reports**

### ***CALP Coordinator – Decoda Literacy Conference***

This biennial conference consisted of a pre-conference (17<sup>th</sup>) and two days of learning including a panel discussion and break-out sessions (18<sup>th</sup> & 19<sup>th</sup>). The conference theme was “Literacy: The Ripple Effect.” I had the opportunity to attend the sessions on the 18<sup>th</sup> and 19<sup>th</sup>.

The panel was led by economist, Craig Alexander. The discussion focused on the connection between literacy levels and economic growth. The panel members were speaking to data collected by the Organisation for Economic Co-operation and Development (OECD) on adult competencies. The research revealed that Canada’s literacy challenges are bigger than people think, particularly with digital and numeracy skills. Key take-aways for me are the importance of meeting people at their literacy level and, when possible, where they are physically located.

I attended four break-out sessions over the two days. These included sessions on web-based literacy tools as well as the federal government’s *Skills for Success* model. The latter focussed on the *Indigenous Skills for Success Journey* refresh project. I learned about literacy tools we can use in our programming, and I also realized how I can broaden my scope when it comes to program delivery.

In addition to the formal learning sessions, I enjoyed the opportunity to meet face-to-face with other literacy program providers. For me, this was the most valuable part of the conference. I am excited to implement the tools and ideas introduced at this conference.

### ***Assistant Library Director - Evergreen International Conference (online)***

The Evergreen conference was a valuable experience. It was interesting to learn what other libraries are doing and to discover new ways of using our Integrated Library System to enhance our productivity.

Since the conference, I have created lists within Sitka-Evergreen for our books written by Indigenous authors, replacing the Excel workbook that was previously used. I have learned how to merge records and am using the tools within the system for my current cataloguing clean-up project.

The Evergreen community is committed to accessibility for both staff and patron users and adds more accessibility features with each update. I look forward to continuing to learn and grow within our Evergreen Integrated Library System.

Thank you for this wonderful opportunity.

### ***Library Director – NCLF AGM and Emergency Preparedness/Business Continuity***

The NCLF's Emergency Preparedness and Business Continuity session for Public Libraries addressed crucial strategies for ensuring libraries' resilience in times of crisis. The session aimed to explore proactive measures, best practices, and approaches to mitigate risks and maintain essential library services during emergencies.

The group explored strategies for optimizing resource allocation during emergencies, staff training, budgetary considerations, and leveraging partnerships with local authorities, community organizations, and neighboring libraries.

Library Directors from the Regional District Bulkley-Nechako held a roundtable meeting to discuss operations, finance, human resources, and programming opportunities and challenges specific to rural librarianship in our region.

Thank you to our Board of Trustees for prioritizing Trustee and staff professional development in the library's 2024 Operating Budget!
